

Member Registration

Thanks for your interest in joining ACCO; membership is \$1 per person, per year.

Because we're an advocacy organization, we'll be most effective if each person 18 or older in a residence belongs to ACCO individually. Our fee is low to make this affordable.

Though we're all volunteers, membership fees obviously don't cover our overhead. Donations help ACCO grow & expand our lobbying & outreach programs; please give if you can.

Please note that our costs are sharply higher if members don't use email; to help offset this, a U.S. Postal Service membership adds \$20 per person, per year. (For those without computer access, we suggest asking a relative or friend to open & maintain a free email account.)

Make copies of this form for relatives, friends, neighbors, & co-workers!

Information on individual ACCO members is never shared with anyone, for any purpose, without members' express permission. Collective demographic information, e.g. legislative district, building size & type, etc. will be used for lobbying purposes.

ACCO is a 501(c)(4) nonprofit corporation [pending]. Because we actively lobby for legislative change, member fees & contributions to support our work are not tax-deductible.
